[Read more > Skype Blocks Fring!!!](#) Some of you might have noticed that Skype no longer works on your Fring application and there is a reason for this, Skype blocked Fring.

Please consult the Symbian software developer, public newsgroups, search engines, and individual software publishers for technical support... We do not provide technical support for any of the Symbian software products, or for any damage that may be caused by them or their possible lack of suitability... It will handle the incoming calls for you and personalize your approach to the callers - answer with a busy tone, send a kind SMS, divert calls, mute the ringer or play a personalized greeting... But sometimes I feel like there is a disadvantage to being a smartphone user, the many functions and options they provide sometimes is just too much, the size of most smartphones and not being very pocket friendly, the poor battery life? Should I go on? Well sometimes I think that a smaller, simpler phone with decent battery life like the Nokia 2330 could give me a break and simply do what phones are intended to do, calling and texting... Devices ranging from the early Nokia 7650 running Navigation Software Symbian S60 5th EditionSoftware Symbian S60 5th Edition Nokia 5230Would you leave your smartphone for a day and use a Nokia 2330 instead? I have been a smartphone user for over 5 years, and used only smartphones since... In June 1998, Psion Software became Symbian Ltd., a major joint venture between Psion.

With Advanced Call Manager you can organize your phone book into custom lists like Black (people you don't like to disturb you), White list (important people which are "allowed" to call you) or any other custom lists (a very special custom group could be your family to which you can wish to send a personal SMS if somebody calls you during a meeting)... Well, finally Microsoft released Silverlight for Nokia S60 5th edition smartphones, and with the release of Silverlight comes the Bing Application based on Silverlight as you might guess... While we regret Skype's decision to block fring, we are committed to continuing to provide you with market-leading innovation, to keep you in touch with your friends, wherever they are... The Advanced Call Manager unique feature is the ultra-fast recognition of remote callers which allows personalized replies (SMS, mute, reject, accept, greet, divert) to be attributed within a part of a second leaving the caller unaware of your current availability... Other than that and the new Bing application, currently I don't see other uses for Silverlight on my Nokia N97, but this might be just for now...
